

Chicago Public Schools Inclusive (blended) Pre-K Programs

Chicago public schools are organized into 18 geographic networks. Networks 1-13 are for elementary schools- including preschool. Your child does NOT necessarily have to be in a school in their network, it is just a way the CPS administration splits up the city.

The list below includes all the pre-k programs included in the CPS [inclusive pre-k map](#).

Each school in the list includes;

- A link to the school's profile on the CPS website
- If the school has elementary support programs with significantly modified curriculums (elementary cluster programs)
 - [Intensive supports map](#)
 - [Moderate supports map](#)
- If the school has an accessible building
 - [More information about CPS's accessibility ratings](#)
- The preschool's rating by ExcelRate Illinois.
 - [More about these ratings](#).

Please note: This does not mean that these are the only options for your child. This list is meant to help organize the information from the above maps provided by CPS.

Network 1: North

Neighborhoods: Irving park, Jefferson Park, Portage Park, Mayfair, Sauganash, Norwood Park, Dunning

○ Half Day:

■ [North River](#)

- Have an elementary cluster program with moderate supports? **No**
